PRODUCT
CATALOGUE

Victory is a professional designer and manufacturer of Christmas trees, garlands and wreaths, located in Huaian city, Jiangsu province, covers more than 40000 square meters with large workshops and automation equipment. Our high quality products are very popular in American, European & Japanese markets. Skilled workers and experienced administrative staff are our energy source of production, strict quality control and modernization management system(BSCI) are our cornerstone of development, constant innovation brings us larger markets, excellent team work makes us provide better service for our clients. Lots of multinational supermarkets and dealers have built long term cooperation with us.

Base on principle of credibility and win-win, Victory makes unremitting effort to innovate to develop the industry of Christmas tree and pay more attention to the green materials to provide healthier products to our customers.

Below are the descriptions of our varying technologies utilized in many of our products. The icon image will appear next to the products shown the feature of these technologies.

Look Real Indicating that tree has the addition of PE branch tips. These crush-resistant PE tips make the trees an authentic look and feel.

Hinged The tree is with hinged construction, very convenient for user to assemble and pack away the tree quickly. Trees assembled with few sections for easy setup.

MIXED The tree is with mixed tips, it could be a pine needle & PVC mixed tips tree, or PE & PVC mixed tips tree, even a PE, pine needle & PVC mixed tips tree...

LIGHT Every tree can be equipped with lights, warm white, cold white and multi-color LED and clear lights are for selecting.

The materials we use for our products are new and green, no harm to people.

The materials we use for our products are flame retardant.

All trees measured from base to tip, e.g. 7.5FT tree.
